

2021 Workplace Giving Campaign **Frequently Asked Questions**

What is the Workplace Giving Campaign?

This campaign is an opportunity for our colleagues to share in Mercy's culture of giving.

Why should I give to the Workplace Giving Campaign?

As a Mercy colleague, you know more than anyone what a strong impact your gift can make on the health and well-being of our patients, their family members, and our community. Each donation, no matter what size, will make a difference for the patients we so deeply care about and show the community we are passionate about our Mission. At Mercy, we believe every patient deserves the opportunity to receive the highest quality health care, regardless of their ability to pay. Through the generous support of our community, its leaders, and our colleagues, Mercy has been able to remain competitive in the field of health care and offer the best care to our patients. This includes the most vulnerable patients—the underinsured and the uninsured.

Is participation in the Workplace Giving Campaign mandatory?

No. All donations are 100% voluntary and 100% appreciated. Our participation goal is 100%, and any donation amount will help get us there. Your donation amount will remain confidential.

How do I make a donation?

Colleagues may make their donation through payroll deduction, check, or credit card. Donations can be made online at mercygives.org or with a pledge form and sent to the Mercy Medical Center Gift Processing Center, P.O. Box 320635, Hartford, CT 06132-9900.

What is the deadline for making a gift?

You are welcome to contribute any time of year.

Where does my donation go?

The best part of the Workplace Giving Campaign is that YOU decide where you want to direct your support. Your donation options (select one) include: Colleague Crisis Fund, Healthcare for the Homeless, Medical Technology, Innovation, Area of Greatest Need or the area of your choice.

When does the payroll deduction for this campaign begin and end?

Payroll deduction will begin within two weeks of your donation and will continue until you ask us to stop.

Is my donation tax-deductible?

Yes. Please consult with your tax advisor for more details. Mercy Medical Center EIN # is 04-3398280. Year-end giving statements are available upon request.

Who should I contact if I have questions about my gift or the campaign?

You may contact the Philanthropy Office at 413-748-9920 or funddevelopment@trinityhealthofne.org.
